| PUBLICATION SUMMARY        | <b>20 lead author papers</b> , including one published in <i>Nature</i> , and 74 co-author papers, totaling <b>2683 citations</b> ( <a href="#">ADS</a> ). A full publication list, including those currently under review, can be found at the end of the CV.  |  |
| OBSERVATIONAL TIME SUMMARY | I have been awarded over <b>332 hours</b> (480 hours) of time on <b>ALMA</b> as PI (co-I), including as the exoALMA Large Program of which I am PI, <b>20 hours</b> (165 hours) on <b>IRAM</b> telescopes as PI (co-I), <b>46 hours</b> (30 hours) on the <b>SMA</b> as PI (co-I) and <b>8 hours</b> (18 hours) on <b>JWST</b> as co-PI (co-I). I have also been a co-investigator on projects for the <b>VLA</b> , the <b>VLT</b> and the <b>Magellan</b> telescopes, with awards of 70 hours, 25 hour and 2 nights, respectively. A break down of PI proposals can be found at the end of the CV.   |  |
